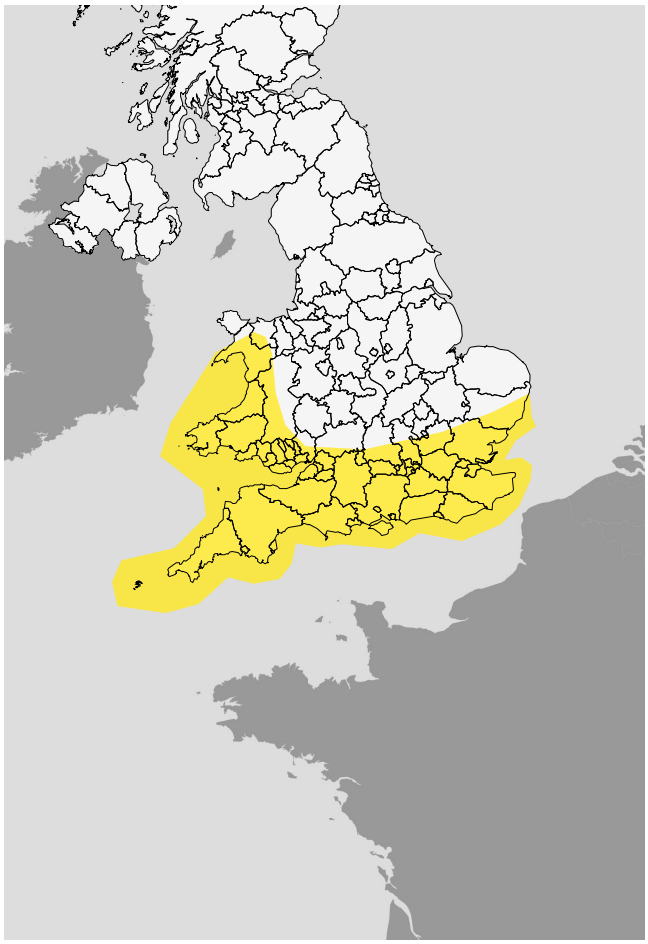
Yellow warning
Wind

Between
06:00 Mon 27 Jan 2025 and
06:00 Tue 28 Jan 2025



Strong and gusty winds may bring some disruption.

What to expect

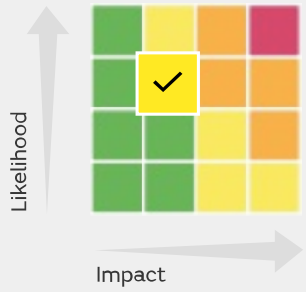
- It's likely that some coastal routes, sea fronts and coastal communities will be affected by spray and/or large waves
- Some delays to road, rail, air and ferry transport are likely
- Delays for high-sided vehicles on exposed routes and bridges likely
- Some short term loss of power and other services is possible

Further details

A period of strong and gusty southwesterly winds is likely to affect southern parts of England and Wales through Monday and at first on Tuesday. Gusts to 60 or 70 mph are possible near the coast, with gusts of 50mph possible inland. Winds will gradually ease from the west on Tuesday morning.

What Should I Do?

Give yourself the best chance of avoiding delays by checking road conditions if driving, or bus and train timetables, amending your travel plans if necessary.



✓ Medium likelihood of low impacts

Yellow warning
Wind

Between
06:00 Mon 27 Jan 2025 and
06:00 Tue 28 Jan 2025

Further Details (continued)

People cope better with power cuts when they have prepared for them in advance. It's easy to do; consider gathering torches and batteries, a mobile phone power pack and other essential items.

If you are on the coast, stay safe during stormy weather by being aware of large waves. Even from the shore large breaking waves can sweep you off your feet and out to sea. Take care if walking near cliffs; know your route and keep dogs on a lead. In an emergency, call 999 and ask for the Coastguard.

Be prepared for weather warnings to change quickly: when a weather warning is issued, the Met Office recommends staying up to date with the weather forecast in your area.
